Why Suffer So?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Mt. Sterling people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Charles Neal, 12 Hamilton Ave., Mt. Sterling, says: "Doan's Kidney Pills have done me a great deal of good. Another of my family had a severe pain across the back. Nothing did any good until Doan's Kidney Pills, procured at Duerson's Drug Store, were used. They brought relief."

OVER THREE YEARS LATER, Mr. Neal said: "All I have previously said in praise of Doan's Kidney Pills holds good."

CLIPPINGS FROM THE SNAGTOWN TORCHLIGHT

Bert Cecil, of Pumpkin Center, has written to E. F. Klein at Hot Water Springs for a can of his Striped Paint. He wants just enough to paint a barber pole.

Take Warnings from the Wire Road on Gintlet Creek. Drivers of cars must give at least a part of the road when meeting or passing a vehicle or they are liable to get shot.—Charles Ewell.

The very next cow of mine that's killed by an automobile won't die alone. I've just bought a brand new shotgun and both barrels are loaded.—Leonard Boulton.

The Torchlight editor don't believe that we have had any earthquake shocks recently. What you'll been hearing was nothing more than our New Year citizens falling from grace.

Apparently all the moonshine stills went out of business on the First. But there is hope. No empty jugs have been broken roundabouts here.

The express office has been moved about half a mile from town, but it didn't move as fast as the citizens, who were there ten minutes ahead of it to give it a house-warming.

The price of paper is so high that we can no longer give automobiles as premiums to cash subscribers. Anyway, an automobile is a dangerous proposition to a gazabo who doesn't know anything about how to run it.

The social season opened last Wednesday evening at the residence of Leonard Boulton with a regular old-time taffy pulling. Some of the fellers from Hot Water Springs came over with their girls and were present, and it is reported that considerable taffy was pulled. Some of the fellers' girls got hair in the taffy and others got taffy in their hair, and a good time was had.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. F. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Use Hall's Family Pills for constipation.

If every man in this town would spend half an hour a week in cleaning up the rubbish and accumulations we would soon have a clean town, a better community, a happier set of people and a lower death rate. Is it worth thirty minutes a week?

See the bright things, pass the somber things and do the right things.

CHEER UP

I like the man who, when he's down And knows that he is all in, Can face the world without a frown, And wear a cheerful grin. Who never stops to whine or grieve, But stands on his own feet. And tries to make the world believe That crow is good to eat.

I like the man who, when he's up, Keeps right on sawing wood; Who does not hit the flowing cup. Because he's feeling good; Who, driven by stern duty, tries A golden store to stack, And at the finish, when he dies, Is glad to put it back.

I like the man who, when all in, Still puts up a good front, And busily keeps borning in At some big, man-size stunt; The chap who thinks he is all in, And knocked out in life's bout; Who meets the whole world with a grin For fear 'twill find him out.

I like the man who, when he tries To talk, knows when to quit, By overdoing it.

The guy who likes to hear himself, And hopes to be admired, Amasses neither fame nor pelf, But makes the whole world tired.

I like the man who, when he's broke, And feeling "gone" and queer, Chirks up before his pals and smiles Just like a financier. When he is "flush" the darkest cloud Can be made to look bright; 'Tis only heroes who can laugh With not a cent in sight.—Ex.

Take your old shoes to J. H. Brunner—he does the work by hand and makes them look as good as new. (24-1f)

HIGHEST PRICE SINCE CIVIL WAR IS REACHED

Wheat and flour topped their previous advances by taking another stride upward. The advance was 10 cents on wheat and 20 cents a barrel on flour. The items are now listed at \$1.90 a bushel for the grain and \$5.20 a hundred, or \$10.55 a barrel for the flour.

Wheat at \$1.80 and flour at \$5 for several weeks topped all records since Civil War days. The prices dropped somewhat, but advanced again recently to cover the drop, which has been the only one in the long list of advances since the market opened last July. Two dollar wheat may come, but whether it will or not, dealers are not prepared to say at present.

The gleeful laugh of happy children, is the best home music, and the graceful figures the best statuary. We are all kings and queens in the cradle and each babe is a new marvel; a new miracle. The unaffected lamentations when he lifts up his voice on high, or more beautiful, the sobbing child—the face all liquid grief, as he tries to swallow his vexation—soften all hearts to pity; and to mirthful and clamorous compassion. The small despot asks so little that all reasons and all nature are on his side. His ignorance is more charming than all knowledge, and his little sins more bewitching than virtue. His flesh is angel's flesh all alive.

Farm Loan Bank.

Looking to the organization of a local "National Farm Loan Association," the undersigned desires the names of all prospective members. No organization fee. 27-41 Jno. S. Frazer.

We are not all born with the sunshine in our hearts, as the Irish people prettily term it, but we can all coax some of it in there if we only try.
